

Built exclusively for insurance adjustors, CBW Claims real-time valuation and replacement makes your job much easier.

Fast, accurate, and secure, our easy-to-use Web portal streamlines everything—from claim to reimbursement—and even offers online product replacement, for both residential and commercial property.

CBW Claims puts real-time contents information in the palm of your hand.

- Gain instant access to valuations for millions of content items—online or even on your smartphone.
- File and process claims in real time—anytime, anywhere.
- Get a 98% match on valuation searches—from just a few items to total loss—and provide instant replacement for your customer's lost possessions.
- Process more claims at a lower cost, while eliminating leakage and costly errors.

Improve customer satisfaction. No capital investment required!

Just log on from any computer or smartphone. By serving up the lowest replacement cost in real time from leading national retailers, CBW Claims saves you time and money. What is the impact on your customers? With faster claims handling, reimbursement, and replacement, they can get on more quickly with their lives—and stay satisfied, loyal customers for life.
